Key points

Supremacy of the law

The main focus of our institution is to make sure human rights are at the core of everyday human interaction.

Security and rehabilitation

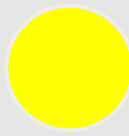

All inmates are initially assessed and individualized approaches are drafted; they are encouraged to work and get involved in education. Dynamic security and humanistic attitudes made Arad Prison one of the most respected and modern correctional facility in the country.

Innovative social reintegration projects

A 20 year history of nation-wide best practices of social reintegration projects and programs, including the first charity theatre event in Romania fully enacted by inmates, movies, delinquency prevention programs, psychodrama and research on prison psychology, staff training projects in international settings, and numerous community experts working inside of the prison, on regular basis - created Arad Prison reputation.
